Attempt to Open Their Campaign in Columbus But Score a Great Failure

Columbus, September 30 - (Special.)-The opening of the campaign by the gold Democrats last evening was productive of the most decided frost that any political organization has ever received in this city. The best band in town was hired to play in front of the board of trade auditorium, where the meeting was held, and boys with banners paraded the streets all bothering Mr. McKinley, or perhaps it is day. When the meeting opened at 8 o'clock there were not fifty people in the hall, by actual count. Those who were there seemed to be mere spectators, from all appearances, and very few indeed took any interest in the proceedings. At every possible opportunity the audience gave the speakers the laugh, and there was not enough decorum in the entire audience to run a respectable dog fight. The bolters could not claim that the house had been packed on them, however as the whole crowd was so very small. Congressman Outhwaite got a frost of the
